No record of his family.

Anthony Kimmel, 1746, was the youngest of the six sons of Philip, 1695, who came to America. He had a son Anthony b. Mar. 22, 1798, who became a General in the war of 1812. Gen. Anthony wrote letters to Samuel Kimmel from which was taken the following brief history of the Kimmel family.

Michael Kimmel was born Oct. 1, 1662. He was married and had three sons and one daughter. His wife's family name was Souter. His children were Philip, Jacob, Valentine, and Elizabeth, born in Pfalz valley.

Philip married a wealthy lady by the name of Voltz and took up his residence in Darmstadt, and of this union were the following issue:

Philip, who died on his farm eight miles east of Somerset. (farm now 1931 owned by Austin Ringler, a descendent, 4 mi. N of Berlin.)

Jacob, who died June 10, 1818, East Berlin, Adams Co., Pa.

Nicolaus, who died 2 mi. East of Stoyestown (Reininger farm)

George, who died April 1820 in Pittsburgh, Pa.

Anthony, who died in Baltimore, Md. and two daughters who died in Germany.

The original Jacob, who, with his brother Valentine, emigrated to this country about the year 1751 went to Ephrata, Lancaster Co., Pa. Here the descendents of his son still reside and are Mennonites. The other son, Adam, removed to Philadelphia, Pa. before the Revolutionary War and became a contractor for supplies to the congress (See its proceedings Dec. 15, 1775, March 3, 1776, and Sept. 26 1776. He died the same winter. His descendents are in Easton, Pa. and on the Eastern shore of Maryland. He left 4 sons and 3 daughters.

The original Valentine located on the Bermudian Creek, York County, Pa. and on the arrival of Philip, to whom he sold his property, he, and Valentine removed to a place three miles West of Harrisburg, Pa. (Oyster Point) on the Carlisle road, where the descendents of his only son Philip resided for many years and are still in the neighborhood, and of whom John Andrew Schulze, Gov. of Penna, 1823-1829 married a daughter, Susanna. Of the rest of the family I know nothing.

Of the original daughter, Elizabeth, I know nothing.

My grandfather, Philip, resided after his marriage in Darmstadt, and owned and cultivated near Darmstadt 30 acres of land, most of which was vineyard. He was represented as wealthy. He received a large estate through his wife. An epidemic passed over Germany and he lost his wife and 2 daughters, which sorely afflicted him and discouraged him. He then sent my Uncle Michael to hunt up and visit his brother Jacob and his brother Valentine, which determined the said Philip to emigrate. He landed at Alexandria, Va., then called Belle Haven, in the spring of the year 1755, at which time Gen. Braddock and Col. Washington were concentrating their forces in order to make a demonstration on Ft. Duquesne, then occupied by the French. As a matter of convenience and safety, they came with the army as far as Frederick City, Md. and thence to his brother Valentine on Bermudian Creek, York Co., Pa. (Col. Thomas Dunbar, with the Royal Foot Infantry started from Alexandria April 18, 1755 and reached Frederick May 1st.)

My grandfather resided and kept house until the dispersion of the boys by marriage. During the time, however, the whole concerns of housekeeping and farming were admirably attended to by the men as they had no female among them. (one farming, one cooking, one baking, etc. My father, Anthony, being the youngest, did all the knitting and washing.)

My father was the last married, and as was natural, my grandfather remained with him to his death, which occured in his 82nd year, after an illness of 17 weeks.

The original Kimmels were always represented as being large formed, elegantly proportioned men, tall and stately.

The chart on the following page shows the German origin of the Kimmel family of America. The data was taken from the Lutheran and Reformed Church records in Germany in the fall of 1927 by Rudolph Schafer.

4. Johann Micael Kimmel, b. Gimbsheim, Germany, March 14, 1736. d. May 1818, probably at York, Pa.

One of the six sons of Philip, born 1695. Sent by his father, Philip, to America to find his Uncles Jacob and Valentine, arrived on the ship Dainburgh Sept. 19, 1753.?

They had the following children:

1. Dr. John,	b. Oct. 15-1760.	d. June 5-1840 Berlin, Pa.

4. Jonas,	b. Mar. 30-1771.	d.	1835 Cape Girardeau, Mo.
5. Michael,	b. Aug. 7-1782.	d.	called "Little Mike"

The records of the Adjutant General's Office, War Department, Washington, D. C., show that Michael Kimmel served in the Revolutionary War, as paymaster of Capt. Thomas Church's Company, 5th Pa. Regt., commanded by Colonel Francis Johnson. He was commissioned paymaster Mar. 15, 1777, and his name is last born on the field and staff muster roll for May 1778, dated Valley Forge, June 7, 1778. No further records were found. Heitman's Historical Register of Officers of the Continental Amry, an unoffical publication entitled "credit, shows "Kimmel, Michael, (Pa.) 1st. Lieutenant 4th Penna. Battalion, 6th Jan. 1776. Regimental Paymaster, 5th Penna., 15, Mar. 1777. Retired with rank of Captain, July 1st 1778."

(1930) by Meyers E. Knepper. He also owned some property in Berlin Later moved to Pittsburg and no further record.

They had children:
1. Mary, m. Abraham Morrison, Atty., of Somerset, admitted to practice in Somerset Co. 1795, moved to Johnstown in 1840 and died there
2. Son no record.

1. Dr. John, b. Oct 15, 1760 d. June 5, 1840.
Was born in York Co., Pa., and at the age of 24 began the study of Medicine with Dr. John Morris at York, Pa., and was given the following certificate:
"York Town, State of Pennsylvania, These are to certify that Dr. John Kimmel has studied under me for the space of two years the art of Physick and Surgery, in which time he conducted himself diligently, with the strictest attention, care and fidelity, and is hereby discharged, IN TESTIMONY whereof, I have hereunto affixed my hand and seal the 25th day of May Anno Domini 1786."

Penna-German, Vol. 8, p.60.
Dr. John Morris came to America about 1776 from the village of Bentelm in the German Duchy of Brunswick. He was a surgeon and at once offered his services to the American cause, joining himself to Colonel Armands' partisan legion. At the close of the war, after the disbanding of this legion in 1783, he settled in York, Pa Here married Barbara Myers, had seven children, the youngest Rev. John Gottlieb Morris of the Luthern Church, was born Nov. 14, 1803, died Oct. 10, 1895 at Lutherville, near Baltimore, Md., buried at York, Pa. Prospect Hill Cemetery. Charles A. Morris, York, Pa., was another son of Dr. John Morris. Rev. John G. Morris had daughters Mrs. Leisenring, Mrs. Trowbridge and Miss M. May Morris.

On Feb. 16, 1787 Dr. John Kimmel married Elizabeth Uhrich, daughter of Anthony Uhrich, Warrington twp. York, Co., Pa. She was born Nov. 29, 1766 and d. Sept. 29, 1845. They moved to Berlin, Pa., in 1787 where he practiced medicine for about 50 years. They lived where the National Hotel is now located. It was the custom to take patients into the house and treat them, as there were no other hospitals or other suitable accommodations.

The following appeared in the Pittsburg Gazzette, Jan. 24, 1789 and was republished in the Gazzette Times Dec. 31, 1922.

"Havin had occasion to travel through Bedford Co., State of Penna., a short time ago, I was violently sieged with a rupture (which for these 12 years past has at periods troubled me) the pain was almost intolerable and I am well convinced I should soon have died had it not been for Dr. Kimmel, of Berlin, in said county, who I applied to and found immediate relief and in the course of three weeks he restored me to perfect health. From a sympathy for those who are afflicted with this disorder I am induced to take this method of informing them where they may be effectually cured of this disagreeable and dangerous disorder." Thomas George.
It is probable that Dr. Kimmel attended Jacob Glessner, who was fatally stabbed by the Rev. Cyriacus Spongenburg, 1794. He was elected County Commissioner Oct. 1799 and 1803 and comissioned Associate Judge Dec. 1, 1800. He owned a farm 2 mi. west of Berlin, on the Mud Pike now (1929) owned by Francis Maust. He started to build a grist mill along the Plank Road between Berlin and Somerset, but a law suit with Isaac Stoner, who operated a grist mill where the Miller or. Cal. Hay Mill stood, stopped the work. The building for this mill was later moved to the north side of West Main St., known as the Garey House, having been occupied for many years by Frederick Garey and his family.

During the "Wiskey Insurrection" in 1795, Dr. Kimmel, with others, was arrested as a sympathizer, but later released.

The following is a copy of an order which is self explanatory:

Notice: The free and able bodied male citizens of the age of 18 and under the age of 45years, residing within the following bounds, viz.: Beginning at the mouth of Flagherty's Creek, thence down the river to the line of Milford township with said line until it comes opposite Bointhill (Pinehill) church house, thence to Peter Wengert, thence to Jacob Bowmans, thence to the foot of Allegheny Mountain, thence along Allegheny Mountain to Flagherty's Creek and down to that to the beginning, or desired to meet on the 24th day of July at the home of Mr. Philip Bittner at 10:00o'clock in the morning and continue until 6 in the afternoon. Previous thereto, the persons electable to vote, must elect two of their number to preside as judges, who shall certify under their hands to me with out delay the name of those highest in vote of aforesaid officer.
July 6th, 1789.

John Kimmel, Colonel of the 2nd. Reg.
of Somerset Co., Pa.

Penna. Archives, 2nd Series, Vol. 15, P. 697. Dr. John Kimmel is listed as a Surgeon Pensioner, in 1820.

After the Revolutionary War the Government took steps to give its citizens some military training and for that purpose there was appointed a"Muster Day" when the militia was assembled and given training in marching, etc. There was an Absalom Baer, who was a fifer; Ulrich Summers, a drummer and Solomon Ramsparger, who was Corporal, or at least at the head of the line. When the militia was lined up and ready to march it is said the following command was given in German:

"Abs, Pife.
Ully, drum
Ramsparger kumm
Stanwegs der hivel nuff."

Then, so that the men would keep step, they tied hay around the left foot and straw around the right, and started off, saying, "Hay foos, Stroh foos. Hoy foos, Stroh foos."

Dr. John and his wife were buried in the Reformed Cemetery in Berlin she did not seem to have a marker, and was later removed to the I. O. O. F. Cemetery and placed on the square of his son Edward.

They had 6 sons and 3 daughters:

"Ghost Hunting part of Executors Job"

The following interesting and unique deposition was discovered by Former Judge W. F. Sadler, of Cumberland Co. Pa., in deed book E. Vol. 1, page 685.

Deposition of Executors of Philip Kimmel, dec'd Cumberland Co. S. S.

Examination of George Coover and Adam Crytzer.

Whereas, a report is raised on Dr. John Kimmel in the neighborhood where he liveth, which is as follows, viz: That Ann Mary the widow Kimmel went to the executors of Philip Kimmel and bid them to come to her house, whether it be haunted or not. That the executors came and stayed one night and heard nothing, that they came another night and slept in the room where the widow used to sleep. That night the house was disturbed. That George Coover rise out of bed and catched the ghost. That he had a white sheet or shirt on and a log chain around his middle and that a light was brought out and it proved to be Dr. John Kimmel. That we were about to drive him away that night, but the widow said, leave him till morning and I will send him away cleverly.

Sworn to before Hugh Laird, 5th of Feb. 1767.

Entered for record 29th, april 1796.

Dr. Kimmel's family Bible and record is said to have been passed to his son William, then to Williams son Thompson R. who lent it to a German family on the occasion of a funeral and was never returned having been lost in a fire.

It is said that Dr. John Kimmel attended the Quaker School connected with the Quaker Meeting House, in Warrington Twp., York Co., Pa. and that he dressed like a Quaker all his life, with Knickerbockers, Broad brim hat, shad belly coat, low shoes with shiney buckles, &c, &c.

Allegheny, Pa. Mar. 23, 1906.

Mr. John J. Kimmel,
Dear Cousin John:-

I have made quite an effort to find out the name of our Grandfather's Father, but have been unsuccessful. I don't know whether any one knows. I remember hearing Grandmother, Kimmel tell of their coming to Berlin, and your Grandmother Mrs, Jacob Kimmel told the same story as she had heard it from Grandmother, and perhaps other members of the family. Dr. John Kimmel came to Berlin from York, Pa. and built a small log cabin out near a place called (Chicken Town) in after years, (East of Berlin). When this humble abode was completed he brought Grandmother on and this is where they lived the first years of married life. The story goes that they had a cow but no [illegible] the first winter. In inclement weather Grandfather drove her from the kitchen for Grandmother to milk. Thus showing that he took good care of the partner of his young manhood. The chimney of said log cabinstood in the field during my lifetime. I remember it quite well and am of the opinion that a pileof stones may still be seen on the sight. When they settled there they had to go to Hagerstown Md., for their flour and other groceries and in fact all the necessities of life, a distance of more than 100mi. and in the absence of roads on an Indian trail on horseback. When they harvested their first crop of grain it was taken after the same manner of transportation to Hagerstown, turned into flour and again packed on horseback to Berlin to feed the much honored ancestor and his family. So much for the unflinching courage of our Grandfather and his wife as well, our beloved, most worthy Grandmother. I don't think they indulged in many luxuries as the price of everything was most orborbitent, think of calico at $1.00 per yard. What must [illegible] woolen and silk goods have been? What a blessing they were not essential to their happiness. Their coffee was $1.00 a pound and everything in proportion. It is quite likely the milk which the cow gave as she was being milked before the open fireplace was more frequently called for than the coffee pot. In time Grandfather must have prospered, for in addition to the practice of medicine, he farmed on a farm, and built a hotel building on the South East corner of the upper diamond in Berlin, where the large brick hotel now stands. I remember just how that old building looked, [illegible] years since it was taken down. Grandfather was considered [illegible]

very skillful physician in his day, and was much missed after his practice ceased. He and Grandmother were very much respected during their lifetime and their memory cherished by all who knew them long after their deaths. A History of Somerset Co. States that Dr. Kimmel came to Berlin from York Co. in 1791 and practiced medicine more than 50 years, and was one of the first Physicians to settle in the County. His practice extended over a wide territory. Dr. Kimmel was one of the associate Judges for many years, when Somerset & Bedford Counties were one. The above date of his coming to Berlin I am sure is a mistake as I will endeavor to prove. He married Elizabeth Uhrich in 1787 just one year later than the date of his medical certificate, which of course is a correct date. Their first child, Gabriel was born Dec.27, of the same year according to the family record, kept in Grandfather's own hand. Then again, I am sure from all my Father and other members of the family told me, that all their eleven (11) children were born in Berlin, and that he never practiced any where else. Furthermore 2 of them were born before that date, William having been born Nov. 9, 1789, and your Grandfather(Jacob)Oct.24,1791. Don't you think that look as tho it was nearer the true date than the other. Grandmother's former home was in Carlisle, Pa. She was a neat fine-looking little woman, most gentle and quiet in manner and disposition. I remember her quite well, she survived Grandfather more than 5 years. She lived most of the time at your Grandfather's home and at my Father's. We all loved her so much that I will never forget her. I remember seeing Grandfather only once, that was on an Easter day, he had colored eggs for three of us children, your Aunt Belle, Hemmrietta and myself. I think he was then failing in health, for he could not stand the noise children make and of course we did not stay long. He was a stout man and in the prime of life; and must have been rather tall. I think his death occurred in the same year I saw him, which was June 1840 as recorded on his tomb stone. Some of the family say there is no recorded date of his birth. We know he died in 1840, in his 80th. year which shows to certainty that he was born in 1760. The month and day are probably unknown. Grandmother's baptismal certificate gives her birth, and states her age at 79when she died. The birth date is nov.

Nov. 29, 1766, which shows her death occurred in 1845. From my recollection I think it was in early summer time. She had no stone erected to her memory, so that part of the date is lost. It does not matter now, but it is certainly a most blessed heritage to her descendents that she lived a consistent Christian life, and on her death must have entered into that higher life prepared for those who strive to serve God. I rejoice in the thought that no one can say anything against the character of our Grandparents, but that much worth and praise has always been ascribed to them. For the sake of those who are coming after us it would be well if we could do as well, and leave as true a record behind us. We are now numbering the 7th generation on American soil, beginning with our ancestors who came over the sea and ending with Cousin Emily Baer's grandchildren. Very few families can remember so far back and we should feel thankful that we have been thus honored and should ever endeavor to make our influence for the good.

I knew all of Grandfather's children, except Mary Ann Case, who died before I was born. Gabriel Kimmel was a Doctor of some note and a very positive character, but jovial with it all. He married Agnes Shellhorn (Shellborne) who survived him many years and died at a very advanced age of 94 or 95. They lived in Derry, Pa. William was said to be one of the best natured ones of the family.

Aunt Elizabeth brought up Aunt Mary Ann's two boys, Joseph and Lemuel Case. She educated them better than boys of that day were generally educated. (She sent them to the academy at Mercersburg, Pa.) and in every way treated them as her own children. Joseph Case married and lived in St. Louis. He died a good many years ago and was survived by a widow and two daughters, who are still living. Lemuel Case was drowned in the river at Council Bluffs more than 40 years ago.

Joseph Kimmel married and lived at Connellsville, Pa. where he carried on the business of tinner and house furnishing. He died of cancer of the face and had no children. His wife's name I don't remember, she died before he did. Michael was the last of the family to die. I think he must have been of great age. There was never much communication with him or his family. Henrietta once visited his family.

Daniel was married to Sarah Earhart and lived near Bleairsville, Indiana Co., He was a farmer and one of the nicest and best of men. He was killed by lightning a good many years ago.

Edward Kimmel my Father lived on Oak Grove Farm in Brothersvalley Twp. and led an active life to the day of his death.

Mary Ann was much beloved by every one and was lamented by all the family, being the only one who died young.

Hester married Solomon Glossner, she had a large family, most of whom departed this life before she did. This ends my account of the Kimmel Family.

I remain your Cousin

Josephine K. McGrew.

Recorded thought is our chief heritage from the past.
The most lasting legacy we can leave to the future.
Books are the most enduring monuments of man's achievements.
Only through books can civilization become cumulative.

Kimmel- Eine alte zunftige familie zu Frankfort on main, aus welcher mitglied auf der drei rathsbank sass. 1701.

Kimmel- an ancient family of Frankfort on the Main, Member of the Guild, One Member sat in Parliament 1701.

In support of the statement that the Kimmel family is an ancient one, I have a list of some 40 Kimmels beginning with Dilmannus Kimmel 1408 and Michael Kimmel 1425, who were students at Erfurt and lived at Neukirchen.

In the list is Johann (John) Michael Kimmel, 1662-1734. "Stammvater des Amerikaner Stamms", Father of the American Family. Married in Germany

He had four sons and one daughter, as follows:

1. Johann Philip Kimmel,	b.	1695.	d.		1777 York Co. Pa.
2. Johann Valentine "	b. July 31-	1701.	d. Dec. 28		1768 Ephrata, Pa.
3. Johann Conrad "	b. Apr. 22	1703.	d.		in Germany
4. Johann Jacob "	b. Oct. 14	1705.	d. Nov. 25		1784 Ephrata, Pa. Lancaster Co.
5. Elizabeth "	b. July 8	1708.	d. Nov. 13		1764 Germany.

The daughter and the son Conrad remained in Germany.

2. Valentine Kimmel, m. Feb. 8-1724 Anna Maria Baltzer in Germany. Had six children. 1. Fronica 2. Barbara, 3. Margaret, 4. Philip, 5. Elizabeth, 6. Catherine

3. Jacob Kimmel, m. Mar. 1-1729 in Germany Maria Barbara Heinrich. Had four children 1. Adam, 2. Jacob, 3. Rupert, 4. Barbara.

These two families came to America 1751, landing at Philadelphia, Pa. Jacob went to Ephrata, Lancaster Co., Pa. Valentine bought a farm on Red Run, a branch of the Bermudian Creek, in York Co., Pa. about 4 mi. North of East Berlin, Adams Co.

1. Philip Kimmel, m. June 10-1721 in Germany Anna Elizabeth Voltz, daughter of Andrew Voltz, of Lich. She and some of the children died during an epidemic in Germany. The six sons remaining were

1. Philip	b. Mar. 2-1724,	d. Apr. 7-	1796	in Somerset Co., Pa.
2. Nicholaus,	b. Sep. 19-1728.	d.	1804	York Co., Pa.
3. Jacob,	b. Oct. 10-1734.	d. Dec. 9-	1818	East Berlin, Adams Co., Pa
4. Michael,	b. Mar. 14-1736.	d.	1818	York Co., Pa.
5. George,	b. Oct. 25-1743.	d. Apr 25-	1818	Pittsburgh, Pa.
6. Anthony,	b. Mar. 17-1745.	d. May 17-	1817	Baltimore, Md.

Philip sent his son Michael to America to see what had become of his brothers and when Michael reported, Philip decided to go to America. Philip and his six (5) sons landed at Alexandria, Va. in the spring of 1755. They found that Gen. Edward Braddock and Col. George Washington were concentrating an army there to make an effort to drive the French out of Ft. Duquesne. Col. John Dunbar, with the wagon train, carrying supplies for this army left Alexandria April 18-1755 and arrived at Frederick, Md. May 1st. For convenience and safety Philip Kimmel and his sons followed this Army as far as Newmarket, or Frederick and from there went North to where Valentine lived in York Co., Pa. They later bought Valentine's farm and lived there till the sons were married. The Father Philip died 1777 and is said to have been buried back of the barn.

I have already compiled records of the families of five of those sons and am working on the family of Philip 1724-1796. He m. Anna Christina Henn, d. Sept. 7-1791. Moved to Somerset Co., Pa. about 1762. Took up a large tract of land, which he resold. He lived about five miles North of Berlin, and the property is still in the hands of his descendents. Besides farming he had two stills and made whiskey, as did many other farmers, as they had no road over which to take their grain to market. He is said to have been the tallest of the family 6ft. 2in. Nicholas was the shortest.

Philip Kimmel, 1724- 1796 had eight sons and one daughter, as follows:

1. Philip Kimmel,	b.	1756.	d. 1820		In Illinois.
2. Jacob "	b.	1757.	d.	1824	Near Berlin, Pa
3. Michael "	b.	1760.	d.	1819	" Stoystown, Pa.
4. Conrad "	b.	1761.	d.		Young
5. David "	b.	1763.	d.	1827	Near Dayton, Ohio.
6. Abraham "	b.	1764.	d.	1840	[illegible]
7. Elizabeth "	b.	1766.	d.		
8. Isaac "	b.	1769.	d.	1851	Coitsville, Ohio.
9. Solomon "	b.	1770.	d.	1825	North of Somerset

I will be glad to have any additions or corrections to these records.

H.K. Stoner, M.D. Berlin, Somerset Co., Pa. 1937

I received your letter of the 27 instant this morning and read it with great pleasure seeing that you whose all is good health at the time of writing and my family also which is ever the most pleasing news I can receive from home and the neighbourhood, I can also again state that I have been blessed with very good health since I came here and am well yet for which I am thankfull to a kind providence the members are not generally so healthy there has been a good deal of complaint and some have been confined for some time and some have left this on account of sickness in their families, Mr Wagner of Mahon and Mr Bishop from from Bedford County are all well, about the weather which there can be any difference we had but little snow but still enough for sleighing untill beginning of last week, but the snow is now nearly well gone and the water has got on the ice in the river and its thought a few more warm days will start the ice, I ought to give you some account of our proceedings here but I cannot give you any thing satisfactory for nothing has been done for the good of the commonwealth and its a hard matter for to do any thing for to relieve those that have claims against the state there [illegible] the much opposition against the sale of the publick improvements which in [illegible] is all the way we can do any thing in relieving the creaditors and the tax paying people for its thought the publick works would pay one half of the publick debt and would save more than one million of dollars of interest annual that would take of one half of the burthen of the taxpaying people, there is a bill before the house now for to raise the interest by tax and create a sinking fund for to redeem the debt gradually but its seen to think of such a thing for the people can [illegible] do it, I send you a copy of the bill and I want to hear your opinion on it I send copys of it to our printers for to give the people timely notice of it, but I can not tell for there are most of the western members opposed to and many of the eastern think the will have to goin for the sale of the publick works at the end, there has been but little done untill here there are still some private bills passed but are of little consequence, last tuesday was spent in honour of General Washington being his birthday the House and the senate the Governor and the heads of department and a company of volunteers in full uniform and a great many citizens met together in the hall of the representatives at ten oclock and heard the farewell address read and then adjourned and then seen the volunteers and the five companies muster and march and parade through the town, this is the way we passed our time here if there is nothing else to do, but the five companys in uniform and with their splendid horse carriages and about twenty or twenty five men drawing one carriage is a sight for any one worth seeing, I will now close with my best wishes to you and all your family give my best respects to enquiring friends I would like to hear from you again

I had some hopes this would not be a long session but I now believe we will adjourn before time in April

Philip Kimmel's 95th birthday, the following article was published in the Murphysboro Independent. June 1900.

Philip Kimmel, who lives in Murphysboro with the family of his daughter, Mrs. John Rude, at 2142 Spruce St., was one of the pioneer settlers of Jackson County, Ill. His ninetieth birthday was celebrated with a private family dinner, to which only members of the household were invited, Monday, June 4th. Notwithstanding his advanced years, Mr. Kimmel enjoys fairly good health. For six years he has been afflicted with asthma, which has impaired his health considerably. He is principally annoyed by his inability to rest while lying down and sleeps while sitting in an arm rocking chair. Mr. Kimmel was born June 4-1810 in Somerset County, Pa. He was married to Mary Gertrude Will, who died Mar. 8-1882. With a Mr. Koontz he came to Jackson County, Ill., on horseback in the fall of 1840. His family remained on the farm at their Penna. home, and, aside from the work on the farm, managed the Tavern conducted by Mr. Kimmel before he came to Southern Illinois. The country north of Murphysboro, in Jackson County, at that time was a dense forest, and for nearly ten miles in that direction there were but two houses, and but few more in other localities in the County. There was a log hut five miles northeast of the site now occupied by this city, on a farm containing 100 acres. It was owned by John Swain, Dec'd., and Mr. Kimmel bought the farm for $10.00 per acre. The next spring Mr. Kimmel sold the horse that he rode from his former home, and went back by way of the Mississippi and Ohio rivers. In March 1841 he brought his family over the same route to his western home. He lived on the farm he first bought until 1897, when he came to Murphysboro to live with his son John G. A. Kimmel, and his daughter Mrs. Rude. Although Mr. Kimmel bought his farm in 1840, he did not receive a Deed for same until a year later, when one was executed before Justice of the Peace John M. Hakson, Dec'd., of Brownsville, then the County Seat. The Deed was not placed on record until 1845, at which time B. H. Brush was Recorder. From the time Mr. Kimmel became a resident of this County until the present many incidents common to pioneer life in a sparsely settled locality occurred. He recalls many, and relates them with great interest when questioned about early time in the development of the County. When the Co. Seat was changing to Murphysboro from Brownsville, in 1843, he remembered an incident of interest in regard to the difficulty of securing a suitable place to hold Court, during the construction of a Court House. Dr. Logan, father of "Black Jack" John A. Logan of Civil War fame, had a vacant log building, erected for a store, that stood near the old Logan homestead. This building was offered to the Commissioners, two of whom were George Butcher and Wm. Doty, if they would move it to a suitable place for the location of a building in which difficulties were settled according to law. It was moved by Mr. Kimmel and his brother Abe. to the corner of Walnut and 13th Street, and was used as a Court House until the present building was erected.

Of the 11 children of Mr. Kimmel, Mrs. John Rude is the only one living.

Another article in regard to Philip Kimmel follows: -

Philip Kimmel came on horseback to Illinois in 1840 in company with Samuel Koontz, b. Sept. 6-1805. d. Aug. 21-1851, of Berlin, Pa. He bought 100 acres of land for $10.00 per acre. In the Spring of 1841 he brought his family to the rough land he had purchased in Jackson County, Illinois. He at one time owned about 1000 acres in that vicinity. He ran a horse Power and later a steam saw mill. He was Supervisor of Somerset Township for 3 years. Two years Supt. of Schools, and 20 years as Treasurer of the Township which he was holding in 1894. He was one of the early Commissioners of Jackson County, and for a time President of its Agricultural Society.

Philip Kimmel and his sister Sarah were twins. She married William Will, a brother to Philip's wife, Mary Gertrude Will. William Will and Sarah Kimmel, his wife, are buried at Wills Church, near Berlin, Pa. Her marker shows the date of birth as June 5-1810.

Jacob went to Ephrata, Lancaster Co., Pa. Valentine bought a farm on Red Run, a branch of the Bermudian Creek in York, Co., Pa. about 4 miles North of East Berlin, Adams Co.

1. Philip Kimmel, m. June 10, 1721 Anna Elizabeth Voltz, daughter of Andrew Voltz, of Eich. She and some of the children died during an epidemic in Germany. The six sons remaining were:

1. Philip	b. Mar. 2, 1724	d. Apr. 7,	1796	in Somerset Co. Pa.
2. Nicholaus	b. Sept. 19, 1723	d.	1804	York Co., Pa.

Philip sent his son Michael to America to see what had become of his brothers and when Michael reported, Philip decided to go to America. Philip and his sixsons landed at Alexandria, Va. in the spring of 1755. They found Gen. Edward Braddock and Col. George Washington were concentrating an army there to make an effort to drive the French out of Ft. Duquesne. John Dunbar, with the wagon train, carrying supplies for his army left Alexandria April 18, 1755 and arrived at Fredrick, Md. May 1st. For convenience and safety, Philipn Kimmel and his sons followed this army as far as Newmarket, or Fredrick and from thereowent North to where Valentine lived in York Co., Pa. They later bought Valentine's farm and lived there till the sons were married. The Father Philip died 1777 and is said to have been buried back of the barn.

I have already compiled the records of the families of five of these sons and am working on the family of Philip 1724-1796. He m. Anna Christian Henn, d. Sept. 7, 1791. Moved to Somerset Co., Pa. about 1762. Took up a large tract of land, which he resold. He lived about five miles North of Berlin, and the property is still in the hands of his descendents. Besides farming he had two stills and made whiskey, as did many other farmers, as they had no road over which to take their grain to market. He is said to have been the tallest of the family-6 feet, 2 inches. Nicholas was the shortest.

1. Philip Kimmel, 1724-1796 had eight sons and one daughter, as follows:

1.	Philip Kimmel,	b.	1756.d.	1820.	In Illinois

1. Philip Kimmel, 1724-1796 came to what is now Somerset Co., Pa. about 1762. His wife was Anna Christian Henn. It is said that her father, Jacob Henn, gave a plot of two acres of ground on which to build the Lower Bermudian Church, (1754) and burying ground. The baptismal records of this church show that many of the Kimmel children were baptised there, among them the children of this Philip. 1. Philip 1756. 2. Jacob 1757 3. Michael 1760. The others were probably baptised in Somerset Co.

About four miles north of Berlin is a settlement called Brotherton. A short distance east of Brotherton, on the north side of Route #31, is a farm owned (1938) by Robert Baldwin. North east of his buildings some distance, in a field, under a large tree, are 18-20 graves.

In Gov. Martin G. Brumbaugh's "History of the German Baptist Brethren" p. 523, "The Bermudian Church of the Brethren" of York, Co., Pa. was organized by Conrad Beissel. Among the first members were Philip Cebel, Peter Beissel, Henry Lohman, Minister. Elder George Adam Martin preached there 1752. He m removed to Stonycreek, then Bedford Co., Pa.

The first movement of Brethren across the Alleghany Mountains in Penna. was to "Bruderethal" Brotherstvalley, Somerset Co., about 1762 under the leadership of Elder George Adam Martin, Seventh Day Baptist. The congregation held the same doctrine, but soon returned to the faith of the Brethren Church.

In 1770 this congregation had 17 members, Elder George Adam and wife, Henry Roth,(Rhoads), Wife and daughter, Henry Roth, Jr., and wife (Elizabeth Stoner), George Hemmeyer, Philip Arnold, wife and daughter, Abraham Cebel(Cable), and wife, Philip Kimmel and Wife, Anna Christina, Wildebarger and wife. Elder Martin was born near Lundsthal, Germany, 1715. Married one of the Knipper$(Knepper)and was the father of many children.

Philip Kimmel, 1756-1820, according to a letter written Oct. 16, 1864 by Singleton Husband Kimmel to Gen. Anthony Kimmel, left Somerset Co. in a huff with the rest of the family and his friends, about the year 1800. He went to the Green River, in Kentucky, where he amassed a considerable fortune making salt. This was after the death of his first wife, who was the mother of a large family-among them John, Dan, & George, all of whom settled in Union county, Ill. about 1812-1813. Philip and David remained in Kentucky and have large families. There were then (1864) no other Kimmels in Kentucky.

After their marriage, Walter L. taught in the Union Academy in Anna one year and they moved to Leadville, Colorado where he taught in the high school, also one year. Returned to the Union Academy and taught four more years. Union Academy was a Presbyterian school and was discontinued about 1922. In 1917 they moved to Rock Island, Ill. where Walter L. taught Biology and was head football, basketball and track coach in the high school. Walter attended Center Hill grade school four miles south of Anna, Ill. and then attended Union Academy and also graduated. He then went to school at Wabash college where he worked his way through school without any financial help. In addition to carrying a full course of at school and earning his board, room, tuition, etc. he found time to participate in athletics. Wabash college is located in Crawfordsville, Ind. and Walter graduated in 1912. About 1917, Walter bought a farm six miles south of Anna which he tried to operate by proxy with tenants living on the farm. In 1940 the farm was disposed of after a number of years of crop and other failures pertaining to the farm. At this time, 1944, he is still teaching in the Rock Island High School as head of the Biology department, head track coach and assistant football coach. At

time writing, Walter is the only football coach in the history of the schoolto take his football team through an undefeatedseason. A large portion of his spare time was spent operating a wholesale sweet potato business from the basement of his home. He obtained sweet potatos from his farm in Union county, Ill until he sold it and also from his father's farm just a mile south of his own. After the death of his father, he continues to sell in Rock Island the sweet potatos from the Homestead farm which was taken over by the three surviving sons-Walter Leon, Ralph Cleveland and Fountain Raymond Kimmel.

In 1945 the three Kimmel sons sold the Homestead farm to Fred Hileman who was a cousin. Walter Leon continued to live in Rock Island and at this writing, he and Norma who are 85 and 85 years old respectively live in a four-plex apartment building which they own next door to their son, Walter Grear Kimmel. Both are quite active in civic affairs and other activities in which they have participated all their lives. Walter Leon continues to participate in activities at the Rock Island Senior High School where he taught for 43 years. He attends all the athletic events, takes tickets at the gate at some of them and attends many events at the school.

NICHOLAS KIMMEL

Johann Michael Kimmel, who died in Gimshein, Germany, in 1734 had three sons who came to America. Johann Jacob & Johann Valentine, with their families, landed at Philadelphia, Pa, in 1751. Jacob went to Ephrata, Lancaster Co. Valentine bought a farm in York County, Pa. The third son Johann Philip, having lost his wife and two daughters during an epidemic, came with his six sons in 1755, landing at Alexandria, Virginia. He bought Valentine's farm and lived there the rest of his life. As the boys were married they bought farms of their own.

2. Nicholas Kimmel, the second son, born Sept.19,1728, died about 1804. He is said to have been 5 feet, 5 inches tall, the shortest of the six sons. One record says he died on his farm two miles East of Stoyestown, Pa. Supposedly on the Meininger farm. There was an old burying ground on this farm, on top of the hill, North of the Lincoln Highway. This plot is now plowed over, with no markers. There is a tradition that the markers were used in the wall of the barn. There is no Will nor Deed on record in Somerset County. Another tradition is that he died on his farm in York County, Pa. The following letter indicates that he made no will, nor had an Administrator in York County:

Mr. H.L. Stoner

Dear Sir:-

In reply to yours bearing date of Sept. 18th, would advise that our records show no letters either testamentory or of administration in the estate of Nicholas Kimmel.

Very truly yours,
William A. Schweitzer,
Register of Wills

The Nicholas Kimmel farm, located about 7 miles South of Dillsburg, Pa. has been in possession of the family, in part, since the first settler. This is proved by copies of Bible and original Deeds for the farm, which are intact. The earliest record is a "Sheriff's Deed" dated 1769, in which mention is made that the land "adjoining the land which was sold" was owned by Nicholas Kimmel. One of the records is a Patent to the land, regularly executed to Nicholas Kimmel, made out by the Supreme Executive Council of the State of Pennsylvania, when the status of the Province was changed to that of a State. It is dated April 17,1769, amounting to 289½ acres. It bears the signature of Peter Muhlenberg, as Vice President, who was prominent in Colonial and State affairs, also the signiture of Charles Biddle, Secretary.
One of the records is a "release" dated 1804 in which Nicholas Kimmel and Anna Kimmel, his wife, turned over the farm to his son Conrad. His signature is that of a very aged man. There is no definite record of the date of his death. Some deeds and records were found in 1914 in a chest in the attic of the old home, correcting some of the statements in regard to the family, appearing in York County History.
The old house was built of logs, weather-boarded, nearly all the first settlers built in that way. Part of the house, 20 by 30 feet, was of stone, used as a Summer Kitchen, with a large fireplace, this may have been the original house or part of it. It was like pictures of houses seen in early Primers. This house was used for a school, possibly a subscription school, and the present school house known as the Kimmel school, is on the original tract, later owned by David Kimmel

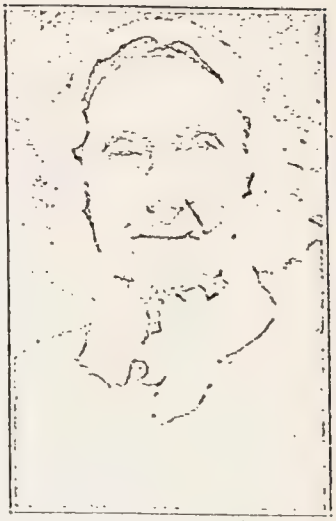
Henry Kimmel, 1784-1867



Susanna Lobengier, 1789-1871
(*Wife of Henry Kimmel*)

of Pennsylvania, the seventy-fourth year of his age and being desirous of retiring from the cares and bustle of worldly affairs and to spend the remainder of his days in quiet and retirement and determined to make an absolute disposition of the greater part of all his real and personal property to and amongst his children in the manner hereinafter mentioned and in full trust and confidence that his children will continue to behave with dutiful attention to him in his old age and provide for him comfortable, meat, drink, washing and lodging at all times when he may call upon either of them and choose to lodge and remain with them declaring it his intention to visit amongst his children and stay with each such length of time as may be most agreeable. Therefore be it known that he has this day made the following disposition of his property. I have conveyed to my two sons, Peter Kimmel and George Kimmel Junior, seventeen hundred acres, more or less, of land which I purchased at Sheriff's sale as the property of the late James Willson, situated in Cambria County, fifty acres of woodland in Somerset Township in the County of Somerset, which property is to be their own disposal, for their own sale, use, and to them, their heirs and assigns forever. And in consideration of the natural love and affection which I have for my two sons, Peter Kimmel and George Kimmel, and in and for the consideration of one dollar to me in hand paid I do hereby assign over unto the said Peter and George, all the following debts which are now due and payable to me, and I do appoint the said Peter and George, my true and lawful Attorneys for me and in my name---------- the same to wit:-One judgment in the Court of Common Pleas of Bedford County against Thos. Vickroy on which there is due to me of a balance of upwards of $9700.00 a judgment on judgment of John Kimmel, Esq., of Berlin on which there is due upwards of $5000.00. Also one judgment against my son-in-law, David Husband on which is balance of upwards of $3600.00, also debt due me from Stall & Etherton which there is due to me upwards of $1600.00, also five hundred dollars of stock in Cumberland Bank of Allegheny. That all debts mentioned here to are to be left with Geo. Kimmel, Jr.,--the debt of Samuel Riddle, Esq., excepted, and of which list a copy will be annexed hereto signed by me to have and to holdthesesoveredydebts hereignedand transferred and set over which said Peter and Geo., their heirs and assigns an a special trust and confidence that out of moneys collected from the said debts as the same shall from time to time be received by them and they will make the payments and disbursements hereinafter mentioned and directed that is to say--that they will pay all costs and charges of collecting the said debts and attend to such collection so that I may have no further expense or trouble with the same. Also that out of the first moneycollected after defraying expenses Geo. Kimmel, Jr. shall retain the sum of two thousand dollars heretofore advanced by him to Peter Kimmel together with the interest which sum is to be deducted out of Peter Kimmel's share of the residue of the said debts which may remain after making payments hereinafter mentioned.

3d. The said Peter and George shall out of said moneys when received pay unto my grandson William Swartz, one thousand dollars. To my son Henry Kimmel the sum of fifteen hundred dollars. To my son John Ankony and Mattalena, his wife, fifteen hundred dollars and to my son Conrad Lightenberger and Julian, his wife the sum of fifteen hundred dollars which payments are to be made by such installments as may be conveniently raised out of said debts--as they can be collected after making the proper payments of expenses and which may be necessary. The said installments to be regulated in proportion to the whole sum so that the said Peter & George may retain a proportional part of the money out of the debts as they come in. I have already given to my daughter, Elizabeth Husband and Susannah Will as much as intended for them. And farther for and in consideration of the natural love and affection which I have to my daughter Catherine Swartz and for and in consideration of one dollar to me in hand paid by the said Peter and George Kimmel Negro as soon as I receive title for a tract of land of three hundred acres lately purchased for me by Husband. I will convey it to them in trust to permit the said Catherine and her children to secure the rent and profits thereof under the direction of said Peter Kimmel & Geo. Kimmel during the natural life of my said daughter and at her death----------to her children then living, and as to the house and lot in the town of Berlin, Somerset County, which I heretofore intended to convey to my son-in-law, Jacob Swartz and my daughter Catherine and which conveyance was signed but not delivered. I authorize my said sons, Peter & Geo. to dispose of thesame in fee simple and dispose of the money arising from sale

proof for the use of my daughter, Catherine, and her children, against said Jacob Swartz, give up the suits and controversies which his evil advisers he is carrying on against me, and in that case I authorize my said sons to give him such parts of the proceeds of the house and lot not exceeding the one half, as they may deem just, after the said payments shall be made by the said Peter & Geo. of the property hereby assigned and set over to them all the remainder thereof is to be equally divided between them, their heirs and assigns, but out of Peter's share of such residue is to be deducted the said two thousand and interest which is to be paid to said Geo. Kimmel, Jr., and as to the balance of the debt which is due me from Samuel Riddle, Esq., it is not assigned though it should be in said list. I reserve for my own settlement and allowance to him for the services which he has performed as my attorney in proceedings----------
to give me a new bond for the residue and pay interest yearly during my life and to pay the principal at my death as I may direct, and if by sickness or accident I should be unable to attend to such settlement I direct my sons, Peter & George Kimmel to make such settlement. To take a new bond for the sum due and to receive and pay out the interest for my support. The debts which is due to me from my son-in-law, Jacob Swartz, is also reserved for my own use and for my further disposal, although it may be in the list. In Witness whereof I have hereto affixed my hand and seal this 28th day of June in the year of our Lord One Thousand Eight Hundred Seventeen.

COPY OF LETTER WROTE BY GEO. KIMMEL JR. TO CATHERINE SWARTZ, sister (his) (INCLUDING HER COPY OF ABOVE ASSIGNMENT.) "Stoygotown, (Pa.) May 15-1825.

Dear Sister-I received your letter and transcript of a judgment that you obtained against Singleton H. Kimmel. You will find by the copy of the assignment made to Peter and Geo. Kimmel, Jr., 28th June 1817 in trust and confidence that they would do those things therein stated, which was executed by Peter Kimmel as it was by myself and on which assignments Peter Kimmel realized out of the judgment of Thos. Vickroy the sum of $6962.62, and also from John Barchoy $600.00, from Joseph Kimmel $246.00, from Mathras Poorman $216.66, out of the judgment of John Kimmel $375.00 and has taken the seventeen hundred acres of land assigned which was worth at least $600. and also the shares of the Cumberland Bank $500 which amounts to $9301.03 exclusive of the moneys he has received as executor of the estate of Geo. Kimmel, deceased, which amounted to upwards of $2000.--between $2200 and $2300-upwards of $11301. Receiving the benefits from the assignment of Geo. Kimmel, Sr. I am ashamed to think that Peter Kimmel could make the title of your land to your children after your death, that he has no right whatever to take the land from you under any color of law. If you succeed in getting judgment------of which I have---you will fill interrogators to take depositions in Somerset County, and send them in I will appoint Geo. Jr. Geo.-----, John Dovisor or----------, to take depositions----- There is one thing about agreements between father in his life time & Peter Kimmel respecting shares-----but the fact is here so plain. Father settled up all his estate he entered in the agreement with Peter in which he retained the judgment paper before that time except of the judgment afterwards recovered from Samuel Riddle the money. He received the amount of $1313 of which he has rendered no account as yet, I did not receive anything about your Bank slip? I have not been in Pittsburgh. We are all well and hope that you and your family are the same.

Yours truly,
George Kimmel, (JR.)

3. GEORGE KIMMEL, b. Dec. 25-1743, (Oct. 25-1743) at the village of Gaglo near the Rhine River in Germany. One of the 6 sons of Philip, who came to America in 1755. Revolutionary Soldier, (Commission and spurs said to have been lost in the Johnstown Flood of 1889.) The Penna. Archives, 5th Series, Vol. 7, p. 240, give the following: "George Kimmel, 3d Battalion, Class 8, 360, Lancaster Co., Pa. Militia, Capt. J. Vanderslice. Commanded by Col. Jacob Bower, 1780."

The following deed on record in Bedford, Pa., shows that George Kimmel was in Bedford Co., now Somerset in 1780, where he had settled at foot of the Alleghany Mts.

"Herman Husband to Geo. Kimmel, Nov 6-1780. Herman Husband of Milford Twp., to Geo. Kimmel of Quemahoning Twp. Consideration 109 Pounds.

Parcel of land in Quemahoning Twp., on the waters of the Quemahoning Creek, it being a tract of land surveyed in the name of William Cole, and granted to him, said Husband, on the 6th day of March 1780. 290¾ acres. Delivered in the presence of David Jones and Mary Jones."

Signed: (Herman Husband, (Emery Husband.

The first gristmill in Quemahoning Twp., Somerset Co., Pa., was built by George Kimmel at a very early date, one mile east of Stoystown. These early mills were crude affairs, but were most useful and service-able to the pioneers who often ate boiled wheat and rye, or corn cracked in a mortar and baked, rather than make a journey on horseback to some distant mill.

Daniel Will. b. Hesse Cassel, Germany, June 12-1747. d. Apr. 17-1820. m. Oct. 26-1766, Maria Magdalena Lora, b. Aug. 25-1749. d. Oct.15-1833, both buried New Centerville, Somerset Co., Pa. May 7-1777, Daniel Will was commissioned Capt. 7th Co., 7th Batellion Berks Co., later Capt. 4th Co., 4th Batellion, see Archives series Vol. 5, p. 209. They had 10 children, Conrad was the 6th child; he received a fair English education, but always retained knowledge of Penna. German, his mother tongue; graduated in Medicine in one of the Phila. Colleges. Practiced in Somerset Co., Pa., for 9 yrs. Dissatisfied with his lot in Somerset Co., he decided to locate elsewhere and learning of the wonderful possibilities of Illinois Territory. Decided to investigate for himself and in the spring of 1818 set out and traveled up the Mississippi and in due time arrived at Kaskaskia, Ill. He bought horse, saddle and bridle, spent the summer traveling over the prairies, gaining all the information he could and believing there were great possibilities in this country, decided to locate permanently. Money being scarce and prices low, he bought cattle with gold he had brought along, drove his cattle east, they came through in good shape and he realized a handsome profit, and was thus one of the pioneer drovers. Undisturbed by the war with England, he spent the year 1814 closing up his business in Somerset Co., and preparing for his removal to the then far west.

In the spring of 1815, he again embarked with his wife and three daughters and a few household goods, in a flat boat down the Monongahela and Ohio Rivers and up the Mississippi to Kaskaskia, without delay or accident. Securing a house for the temporary abode of his family, the Doctor looked around for a location and as Kaskaskia was already supplied with doctors, he located on a quarter section of land, near a noted saline spring, on the north bank of the Big Muddy River, where he built a large round log cabin, with stone chimneys, into which he moved his family and commenced the practice of Medicine in the fall of 1815, soon gaining a practice which extended for 30-40 miles around.

In stature he was nearly 6 ft. tall, squarely built and usually weighed 225 pounds, hair and eyes dark, of a jolly disposition, fond of fun and sport and a great story teller, fine horseman, also great hunter and good marksman, which gained him very much popularity, to such an extent that he became the most popular man in that whole district. He received every vote in the district for the legislature, except one which he lost because he played a practical joke and offended that voter.

These early days salt was a very necessary commodity and very dear there. Accordingly he with others leased the salt spring near his property and in 1816 went to Pittsburgh and bought from a foundry 30 cast iron kettles each of which held 60 gallons and weighed 400 pounds. These he flatboated down the Ohio and up the Mississippi, and Big Muddy Rivers, landing them near the salt spring and prepared to manufacture salt.

Labor being scarce, Dr. Will was obliged to import slave labor from Ky., to operate his salt works, which was a financial failure, however he operated them almost continuously from 1816 till his death in 1835, more for the accommodation and good of the community than for financial gain.

In 1816, Jackson Co., was formed from Randolph Co., Dr. Will was one of three Commissioners who located the county seat at Brownsville which was laid out on land adjoining his, which for a time flourished but later the Co. seat was moved and the town sight (site) abandoned, now only a few foundations remain to mark the place.

In addition to his practice he also had some farming done on his farm and in 1817 was engaged in mercantile business, about this time he built a grist mill and the first tannery in Jackson Co.

In April 1825, Dr. Will was one of the first state officials at Kaskaskia to meet Gen. Lafayette who had come to Ill., in response to an invitation from the Third Legislature and accompanied him to Vandalia and he was instrumental in voting an appropriation of $1,173.00 to defrey the expenses of entertainment.

Dr. Will was a member of the Constitutional Convention which in 1818 framed the Illinois Constitution and was a member of the Legislature continuously for 18 years until his death in 1835.

As a mark of respect a resolution was passed at the following session of the Legislature, that each member wear crape on his left arm for 30 days out of respect for the memory of Conrad Will and further testimoniel of the high esteem in which he was held, on Jan. 12-1835, when the next Co. of Ill., was formed it was given the name of Will in honor of Dr. Conrad Will. (Located just south of Chicago, Cook Co., Ill.)
